HUBER Solutions for Water Distribution

Water networks include manholes to house branch connections, isolation valves, check valves or sampling points. The manholes must be provided with safe and secure covers and be well ventilated. They include step irons or ladders that must be safe for use.

We supply the following HUBER products for manholes:

- [Manhole Covers](#)
- [Ventilation Stacks](#)
- [Safety Ladders, Guard Rails and Step Irons](#)
- [Access Aids](#)
- [Well Heads and Stand Pipes](#)
- [Prefabricated Stainless Steel Manholes](#)

Our stainless steel products for water tanks are known for their high quality, functionality, reliability and durability. All products are made of high-quality stainless steel and passivated in our own pickling bath, to guarantee optimal finishing and surfaces protection.

Our stainless steel products are very competitive thanks to volume production and unrivaled lifespan.
